

## **Sprint 3 Report**

Product Name: Marine Plastics Monitor

Sprint Completion Date: March 10, 2019

Revision Number: 1

Revision Date: 3/10/19

Actions to stop doing:

1. Team members should stop coming to meetings late.

Actions to start doing:

1. Team members should try to meet up more to do work together.
2. Team members should alert other team members of things they are working on via Slack.
3. Team members should make sure they test the website's functionality when pushing new code to Development branch so that it doesn't break other parts of the site.

Actions to keep doing:

1. Keep meeting up over the weekend to productively work together

Work completed/not completed:

1. Cassia worked on this:
  - a. Finish delete functionality and added modals for confirming delete
  - b. Implement solutions to pain points
    - i. Split view for map/list
    - ii. Add Home page tab
    - iii. Fix height issues so container takes up entire height of window
  - c. Decide on a unified brand/style guide for entire website
2. Noel worked on this:
  - a. Finish edit functionalities
  - b. Sanitize form fields (validator.js, backend)
  - c. Be able to edit/delete entries of any form under your organizations
